

TLILIC0005

Licence To Operate A Boom-Type Elevating Work Platform (Boom Length 11 Metres Or More) WP

COURSE DESCRIPTION

The aim of this course is to provide the participant with the underpinning skills and knowledge to operate elevating work platforms (boom length 11 metres or more) to meet minimum training and assessment standards for the purposes of certification. This unit is based upon the National Standard for Licensing Persons Performing High Risk Work.

PERSONS WHO WOULD BENEFIT FROM THIS COURSE

This unit is appropriate for those working in heavy industries and whom are required to operate an Elevated Work Platform as a part of their job description.

COURSE PREREQUISITE

- Student must be over 18 years of age
- Student must be able to read and write in English as prescribed by regulation
- The student must have sound written and mathematical skills
- Student must be able to provide photographic ID

COURSE ELEMENTS

The Course consists of the following topics:

- Assessing and securing equipment and work area
- Conducting routine checks
- Planning work
- Checking controls
- Shutting down elevating work platform
- Operating elevating work platform
- Planning and carrying out elevation
- Setting up and dismantling elevating work platform

COURSE STRUCTURE

Formal Training is completed.

Written knowledge test and calculation assignment can be completed at the end of the formal training, prior to working with a ticketed supervisor to complete their logbook hours.

After the nominal logbook hours are completed, the student can request a practical final assessment.

Written test not completed:

Where a student has not completed a written test prior to completing their logbook hours, the student can apply to be assessed for all assessments but must have successfully completed a written knowledge test and calculation assignment, before completing the final practical test.

CUSTOMISE COURSE

Driveway Training can customise courses to meet the demands of workplace for companies.
