

CPCCLRG4001A

Licence to Perform Rigging Advanced Level

PERSONS WHO WOULD BENEFIT FROM THIS COURSE

This unit is appropriate for those working in heavy industries and whom are required to operate as an advanced rigger as a part of their job description.

COURSE DESCRIPTION

The aim of this course is to provide the participant with the underpinning skills and knowledge to competently operate an advanced rigger to meet minimum training and assessment standards for the purpose of certification.

This course covers rigging work at the advanced level, which includes all the outcomes for rigging work at the basic and intermediate levels, and also includes rigging of gin poles and shear legs, flying foxes and cable ways, guyed derricks and structures, and suspended scaffolds and fabricated hung scaffolds for licensing purposes. This unit is based upon the National Standard for Licensing Persons Performing High Risk Work.

COURSE PREREQUISITE
