

RIIMPO338E

Conduct Rigid Haul Truck Operations

COURSE DESCRIPTION

The aim of this course is to provide the student with the underpinning skills and knowledge to successfully prepare and operate a rigid haul truck to meet minimum training and assessment standards for the purpose of certification.

COURSE APPLICATION

This unit is appropriate for those working in mobile plant operator roles and whom are required to operate rigid haul truck as a part of their job description at worksites within:

- Coal mining
- Metalliferous mining
- Drilling industries
- Construction
- Civil infrastructure

COURSE PREREQUISITE

- Student must be over 18 years of age
- Student must be able to read and write in English as prescribed by regulation
- The student must have sound written and mathematical skills

COURSE ELEMENTS

At the end of this course the successful student will be able to:

- Applying personal and operational safety procedures
- Truck familiarisation
- Interpreting and communicating information on truck operations
- Complete truck pre-start, start-up and shutdown procedures
- Compete operator maintenance
- Compete essential functions, including:
 - Safe and smooth operating
 - Loading operations
 - Hauling operations
 - Dumping operations

COURSE STRUCTURE

Formal Training is completed.

Written knowledge test and calculation assignment can be completed at the end of the formal training, prior to working with a ticketed supervisor to complete their logbook hours.

After the logbook hours are completed, the student can request a practical final assessment.

Written test not completed:

Where a student has not completed a written test prior to completing their logbook hours, the student can apply to be assessed for all assessments but must have successfully completed a written knowledge test and calculation assignment, before completing the final practical test.
